

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

Pending nominations were read.

The Reporter laid upon the table No. 44, Vol. V. of the Proceedings of the Society, from October, 1849, to March, 1850.

Mr. Trego read to the Society a paper from the Franklin Manuscripts, under date of 26th March, 1778, enclosing a piece of grayish metal proposed for coinage, as being impossible to be counterfeited.

Prof. Frazer was requested to have the specimen analyzed.

*Stated Meeting, April 19.*

Present, fifteen members.

Dr. PATTERSON, President, in the Chair.

Letters were read:—

From the New Jersey Historical Society, dated Newark, 8th April, 1850; and from the Trustees of the New York State Library, dated Albany, 8th April, 1850, acknowledging the receipt of No. 44 of the Proceedings of this Society: and—

Also, from Wm. B. Reed, Esq., accompanying a donation to this Society, from the Lords of the British Treasury, through the Hon. Geo. Bancroft.

The following donations were announced:—
